CHANGES IN HARVARD'S VARSITY SITTING

Red Top, Conn., June 21—Changes were made in Harvard's varsity boat today. Burden at No. 7 was out and Kane moved from 3 to 7, and Damon, bow of the second crew went in at No. 3 of the first varsity. Borland, who was a substitute takes the bow oar in the second crew. There was a heavy rain this morning and the crew had brisk work. The varsity shell went to the Navy Yard and back and on the second half mile of the course Coach Haines lined up the freshmen with the varsity for a half mile race. The freshmen wen by six feet, the time being two minutes, thirty-five seconds. A number of craft from near Boston A number of craft from near Boston are arriving in the Thames, a house boat from Cohasset being among them.

TWENTY-FIVE TANKS FINISH IN CREME DE MENTHE DERBY Paris, June 21—Coincident with the running of the Grand National Steeple Chase another derby was being contested near Paris yesterday, "the Derby of armored cars and tanks" or "the Creme de Menthe Derby," as Englishmen call it.

men call it. Twenty-seven tanks went over a three kilometre course of hills and dales, with two obstacles between Satory Camp and Versailles. One of the obstacles was a steep hill and the other a wide stone quarry. Twenty-five tanks finished, only two coming to grief. The minister of war, Andre Lefevre, and numerous French and al-lied officers witnessed the race.

U. S. TENNIS PLAYERS DEFEAT THEIR OPPONENTS WITH EASE

Wimbledon, England, June 21-All four Americans who play in the open-ing matches for the British laws ten-nie championship defeated their op-ponents with east today. The match between C. S. Garkand of Pittsburgn and O. G. N. Turnbull proved the mort attractive event of the day.

A battle royal is anticipated tomor-row when William N. Johnston meets J. C. Parke, who is regarded among the strongest English players entered in the present tournament.

GLASGO TEAM TRIMS THE

SOUTH CANTERBURY NINE The Glasgo baseball team had an easy time with the South Canterbury easy time with the South Canteroury baseball nine, trimming them to the tune of 16 to 2. The Glasgo team knocked one pitcher out of the box and hit the second pitcher freely. The Glasgo baseball nine would like to hear from the State Hospital for a game lane "Sth and would like to hear from June 25th and would like to hear from Taftville for a game June 27th, or any other team in that vicinity. CUT IN FOOD EXPORTS

OFFSET BY MANUFACTURES The shortage in our exportable surplus of food, to which British Ambas-sador Geddes has just called attention sador Geddes has just called attention, is evidenced, says a statement by The National City Bank of New York, by the figures of our export record, both present and pre-war. Of course, the stimulus of war demand, coupled with guarantee of high prices, somewhat increased production during the active war, but aside from this exceptional period, our surplus of food products for exportation has been gradually but steadily dwindling for several years. Foodstuffs, contines the bank's statement, formed 56 per cent. of our exports in 1880; 42 per cent. in 1910, and 18 per cent. in the year immediately preceding the war, and especially when the United States became a party to it, intensified our willingness to "skimp" at home for the sake Philadelphia, Pa., June 21—Philadel-phia defeated Cincinnati 5 to 1 in the ingness to "skimp" at home for the sake of supplying Europe's requirements, an especially those of the men in the field, and our recorded exports of foodstuffs jumped from \$430,000,000 in the fiscal year 1914 to \$980,000,000 in 1916; \$1,538. 4 2 1 8 6 000,000 in 1918, and \$2,505,000,000 in the discal year 1919, thalf of which fell within 1 1 3 6 in the war period, and even this high 3 6 34 16 1 sent on government transports for our army abroad.

This war-time increase was, however, temporary. The quantity of fresh beef, for instance, exported from the United States, which jumped from 6,000,000 pounds in the fiscal year 1914 to 231,000,000 pounds in 1916; and 514,000,000 nds in the calendar year 1918, dropped to 174,000,000 pounds in 1919, and is now running at the rate of about 150,000,000 pounds per annum, as against 514,000,000 pounds in the closing year of the war. Of bacon, for which the foreign world still clamors, the exports in the 10 months ending with April 1920 are only about two-thirds as much as in the correspond-ing months of the preceding y , wheat two-thirds as much as in the same months of last year; corn in the 10 months of the fiscal year 1920 only 13,000,000 bushels against 62,000,000 in the same period of 1918; and oats a little over one-third as much as the annual aver-age of 1919-1918. In the month of April 1920 the latest for which detailed figures of exports are available, foodstuffs from only 21 per cent. of the exports, against 43 per cent. in April 1919, and practi-cally 40 per cent. in the corresponding month of 1918.

This fall off in exportation of food-This fall off in exportation of foodstuffs, both in quantity and in the percentage which they form of the total exports, is offset, says the Bank's statement by a corresponding increase in the
share which manufacturers form of the
total of outgoing merchandise. Manufacturers formed in April 1920 52 per
cent, of the total value of merchandise.

FINANCIAL AND COMMERCIAL

NARRET WAS IRREGULAR.

New York, June 21.—An unfavorable bank statement, a sudden hardening of money rates, resumption of the railway strike and signs of fresh complications in the eastern European situation were among the burdens imposed upon to-iay's irregular to heavy stock market.

Although the deficit revealed in last Saturday's statement of the clearing house was primarily due to heavy rax payments and therefore subject to speedy correction, the loss of reserves was directly responsible for today's money flurry. Call loans rose to 11 per cent, in the last hour when the market was most reactionary.

The strength of sterling exchange was almost the only constructive development of the session, although still unsupported by evidence of immediate gold imports from London or the Far Eas... Financiers with important international connections attached little credence to reports that recent accessions to the Bank of England's bullion holdings represented French gold. More likely, it was believed the gold came from British provincial institutions.

Shippings, steels and food issues as represented by the sugar group contributed mainly to the occasional upward trend of the market with a sprinkling of chemicals and textiles. A 12 point advance in Delaware. Lackawanca and Western was reduced to two points at the close. Sales amounted to 475,000 chares. New York, June 21.-An unfavorable

chares.

Liberty bends were irregular but internationals and the domestic list as a whole eased fractionally. Sales, par value, aggregated \$11,450,000. Old U. S. 4's rose 1-4 on call. STOCKS.

HOYT'S REVUE-AT THE DAVIS THEATRE ALL THIS WEEK.

A Word About Truth

"Great is Truth, and mighty above all things." So says the Old Testament, yet it is equally true to-day. Truth shows no favors,

From the inception of Fletcher's Castoria, Truth has been the watchword, and to the conscientious adherence to this metto in the preparation of Fletcher's Casteria as well as in its advertising is due the secret of its popular demand.

All imitations, all substitutes, all just-as-good preparations lack the element of Truth, lack the righteousness of being, lack all semblance even in the words of those who would deceive.

And you! Mothers, mothers with the fate of the World in your hands, can you be deceived? Certainly not.

Fletcher's Castoria is prepared for Infants and Children. It is distinctly a remedy for the little-ones. The BABY'S need for a medicine to take the place of Castor Oil, Paregoric and Soothing Syrups was the sole thought that led to its discovery. Never try to correct BABY'S troubles with a medicine that you would use for yourself. MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BUTTLE OF FLETCHER'S CASTORIA

GENUINE CASTORIA ALWAYS
